Perspectives in Psychiatric Care

Index to Volume IV, Numbers 1-6, 1966

SUBJECT INDEX

AIDES
More than custodial care: experiences in group work in five state mental institutions (Hedman), **5,** 22
New career in socio-psychiatric nursing (Graham), **4,** 34

ANIMALS
What I learned from Mr. Kay (Norris), **1,** 14

ANXIETY
Allowing physical distance as a nursing approach (Parks), **6,** 31
Dynamics of schizophrenia (Moore), **5,** 10
Psychotic mother and the healthy infant on the psychiatric unit (Schuurmans), **4,** 22

ART
Use of pictures as a projective technique in group therapy (Copp), **1,** 24
Working in clay: a technique for helping students to formulate their feelings and fantasies (Dolliver), **1,** 32

AUTOMATION
Applying Computer procedures to hospital psychiatry (Reprint) **6,** 20

BEHAVIOR
Acting-out behavior of psychiatric nurses (Lenny), **1,** 10
Language in disguise: non-verbal communication with patients (Phillips), **4,** 18
Limited social recovery — further discussion of a depressive behavior pattern (Crumb), **3,** 26
Person, group, and organization dimensions of nursing care (Camp), **4,** 10

BEHAVIOR THERAPY
Behavior therapy and its implications for psychiatric nursing (Layton), **2,** 38

CAT
What I learned from Mr. Kay (Norris), **1,** 14

CHILDREN
Child guidance center: its contributions to nursing curriculums (Hayden, Godbout), **5,** 33
More than custodial care: experiences in group work in five state mental institutions (Hedman), **5,** 22

CLINICAL SPECIALIZATION
Evolution of therapeutic care and clinical specialization in psychiatric nursing (Payne), **3,** 12

COMBAT CASUALTIES
Psychiatric nursing and combat casualties (Field, Dayton), **4,** 38

COMMUNICATION
Language in disguise: non-verbal communication with patients (Phillips), **4,** 18
Touch: comfort or threat? (Mercer), **3,** 20
Use of pictures as a projective technique in group therapy (Copp), **1,** 24

COMMUNITY NURSING *See also* COMMUNITY PROGRAMS
Therapeutic relationship with a patient and family (Kovacs), **2,** 11

COMMUNITY PROGRAMS
Child guidance center: its contributions to nursing curriculums (Hayden, Godbout), **5,** 33
Nurse's problems in role negotiation in a partial hospitalization setting (Waters, Brown), **6,** 10

COMPUTERS
Applying computer procedure to hospital psychiatry (Reprint), **6,** 20

CONDITIONING THERAPY
Behavior therapy and its implications for psychiatric nursing (Layton), **2,** 38

DAY CARE
Day care of psychiatric patients (Epps and Hanes, eds.) (bk. rev.), **5,** 45
Nurse's problems in role negotiation in a partial hospitalization setting (Waters, Brown), **6,** 10

DEPRESSION
Limited social recovery — further discussion of a depressive behavior pattern (Crumb), **3,** 26

DISTANCE
Allowing physical distance as a nursing approach (Parks), **6,** 31

EDUCATION *See also* INSERVICE EDUCATION; WORKSHOPS
Acting-out behavior of psychiatric nurses (Lenny), **1,** 10

EDUCATION *See also* INSERVICE EDUCATION; WORKSHOPS
Acting-out behavior of psychiatric nurses (Lenny), **1,** 10

Child guidance center: its contributions to nursing curriculums (Hayden, Godbout), **5,** 33

Concept-attainment in a practice setting (Baziak), **3,** 32

Evolution of therapeutic care and clinical specialization in psychiatric nursing (Payne), **3,** 12

New career in socio-psychiatric nursing (Graham), **4,** 34

Nursery on the ward (Schwalm), **4,** 27

Psychiatric content in the nursing curriculum: a study of integration process (Pesznecker and Hewitt) (bk. rev.), **5,** 39

Therapeutic relationship with a patient and family (Kovacs), **2,** 11

33-year-old infant: a psychiatric care study (Hall), **1,** 21

Working in clay: a technique for helping students to formulate their feelings and fantasies (Dolliver), **1,** 32

FAMILIES

Child guidance center: its contributions to nursing curriculums (Hayden, Godbout), **5,** 33

Limited social recovery — further discussion of a depressive behavior pattern (Crumb), **3,** 26

Nursery on the ward (Schwalm), **4,** 27

Psychotic mother and the healthy infant on the psychiatric unit (Schuurmans), **4,** 22

Therapeutic relationship with a patient and family (Kovacs), **2,** 11

Treatment role of the psychiatric nurse—one point of view (Bueker), **6,** 15

GROUP ACTIVITIES

More than custodial care: experiences in group work in five state mental institutions (Hedman), **5,** 22

Use of pictures as a projective technique in group therapy (Copp), **1,** 24

HISTORY

Evolution of therapeutic care and clinical specialization in psychiatric nursing (Payne), **3,** 12

HOSPITALS

More than custodial care: experiences in group work in five state mental institutions (Hedman), **5,** 22

Person, group, and organization dimensions of nursing care (Camp), **4,** 10

Psychiatric professions: power, conflict, and adaptation in a psychiatric hospital staff (Rushing) (bk. rev.), **1,** 43

INSERVICE EDUCATION

More than custodial care: experiences in group work in five state mental institutions (Hedman), **5,** 22

INTEGRATION

Acting-out behavior of psychiatric nurses (Lenny), **1,** 10

Psychiatric content in the nursing curriculum: a study of integration process (Pesznecker and Hewitt) (bk. rev.), **5,** 39

MEDICAL PATIENTS

Contributions of a psychiatric nurse on a medical service (Shulman, Corrigan, Hudnut, Pfouts), **2,** 22

MENTALLY RETARDED

More than custodial care: experiences in group work in five state mental institutions (Hedman), **5,** 22

Teaching the mentally retarded — a handbook for ward personnel (Bensberg, ed.) (bk. rev.), **5,** 40

NURSE-PATIENT RELATIONSHIPS

Allowing physical distance as a nursing approach (Parks), **6,** 31

Contributions of a psychiatric nurse on a medical service (Shulman, Corrigan, Hudnut, Pfouts), **2,** 22

Evolution of therapeutic care and clinical specialization in psychiatric nursing (Payne), **3,** 12

Language in disguise: non-verbal communication with patients (Phillips), **4,** 18

Nursery on the ward (Schwalm), **4,** 27

Therapeutic relationship with a patient and family (Kovacs), **2,** 11

33-year-old infant: a psychiatric care study (Hall), **1,** 21

Touch: comfort or threat? (Mercer), **3,** 20

What I learned from Mr. Kay (Norris), **1,** 14

NURSING NOTES

Applying computer procedures to hospital psychiatry (Reprint), **6,** 20

NURSING PSYCHOTHERAPY

Evolution of therapeutic care and clinical specialization in psychiatric nursing (Payne), **3,** 12

Treatment role of the psychiatric nurse—one point of view (Bueker), **6,** 15

POEM

Forsaken (Brady), **3,** 31

POSTPARTUM PSYCHOSIS

Nursery on the ward (Schwalm), **4,** 27

Psychotic mother and the healthy infant on the psychiatric unit (Schuurmans), **4,** 22

PROJECTIVE TECHNIQUES

Use of pictures as a projective technique in group therapy (Copp), **1,** 24

REGRESSION

Allowing physical distance as a nursing approach (Parks), **6,** 31

More than custodial care: experience in group work in five state mental institutions (Hedman), **5,** 22

33-year-old infant: a psychiatric care study (Hall), **1,** 21

ROLES

Child guidance center: its contributions to nursing curriculums (Hayden, Godbout), **5,** 35

Concept-attainment in a practice setting (Baziak), **3,** 32

Contributions of a psychiatric nurse on a medical service (Shulman, Corrigan, Hudnut, Pfouts), **2,** 22

Day care of psychiatric patients (Epps and Hanes, eds.) (bk. rev.), **5,** 45

Evolution of therapeutic care and clinical specialization in psychiatric nursing (Payne), **3,** 12

Nurse's problems in role negotiation in a partial hospitalization setting (Waters, Brown), **6,** 10

Person, group, and organization dimensions of nursing care (Camp), **4,** 10

Psychiatric professions: power, conflict, and adaptation in a psychiatric hospital staff (Rushing) (bk. rev.), **1,** 43

Treatment role of the psychiatric nurse—one point of view (Bueker), **6,** 15

SCHIZOPHRENIA

Dynamics of schizophrenia (Moore), **5,** 10

Language in disguise: non-verbal communication with patients (Phillips), **4,** 18

More than custodial care: experiences in group work in five state mental institutions (Hedman), **5,** 22

Nursery on the ward (Schwalm), **4,** 27

Touch: comfort or threat? (Mercer), **3,** 20

SOCIAL REHABILITATION

Behavior therapy and its implications for psychiatric nursing (Layton), **2,** 38

Limited social recovery — further discussion of a depressive behavior pattern (Crumb), **3,** 26

More than custodial care: experiences in group work in five state mental institutions (Hedman), **5,** 22

SOCIOLOGICAL ASPECTS

Person, group, and organization dimensions of nursing care (Camp), **4,** 10

STATE HOSPITALS

More than custodial care: experiences in group work in five state mental institutions (Hedman), **5,** 22

STUDENTS *See* EDUCATION

THERAPEUTIC APPROACHES

Allowing physical distance as a nursing approach (Parks), **6,** 31

Behavior therapy and its implications for psychiatric nursing (Layton), **2,** 38

Evolution of therapeutic care and clinical specialization in psychiatric nursing (Payne), **3,** 12

Psychiatric nursing and combat casualties (Field, Dayton), **4,** 38

Reality therapy: a new approach to psychiatry (Glasser) (bk. rev.), **1,** 44

Touch: comfort or threat? (Mercer), **3,** 20

What I learned from Mr. Kay (Norris), **1,** 14

TOUCH

Touch: comfort or threat? (Mercer), **3,** 20

WAR

Psychiatric nursing and combat casualties (Field, Dayton), **4,** 38

WORKSHOPS

Day care of psychiatric patients (Epps and Hanes, eds.) (bk. rev.), **5,** 45

More than custodial care: experiences in group work in five state mental institutions (Hedman), **5,** 22
